

How to save to your Home Screen (Apple)

1. Go to www.ibsenphotonics.com
2. Follow the link to the Spectrometer designer
3. Click on the icon in the bottom of your screen (as shown below) to save the calculator.
4. Select "Add to Home Screen"

5. Click on "Add"

The Designer has now been saved to you Home Screen, and can saved in a folder together with the other Ibsen calculators.

The calculator is available offline as well.
